

Sale Support Specialist

Company

This is a fantastic opportunity to join a rapidly growing biotech company. Quadrant Biosciences works with top academic institutions, medical researchers and engineers to translate breakthrough findings into thoughtfully developed, scientifically sound applications. Our technology includes functional brain health assessments and epigenetic biomarkers for neurological conditions such as concussion, Autism Spectrum Disorder and Parkinson's disease. Quadrant Biosciences was recently highlighted on CNN, NPR, Bloomberg and the Huffington Post for its groundbreaking work.

Job Scope

The Sales Support Specialist will work alongside the Sales team to promote sales of the ClearEdge Brain Health Toolkit, a functional assessment toolkit for a variety of neurocognitive conditions. In addition, the Sales Support Specialist will:

- communicate and provide support to the national sales distributor network
- provide customer service including technical support to clinicians actively using ClearEdge
- manage large contact databases and collaborate with the marketing department to send communications to these contacts
- work closely with the technology department to translate and communicate product knowledge to a national sales force
- create training materials for product updates
- train and on-board new customers and new sales distributors
- maintain and manage customer legal contracts
- travel as necessary

Qualifications

- BS in Business or related field
- Strong organizational skills
- Exceptional written and oral communication skills
- Ability to self motivate
- Strong goal setting and attainment capabilities
- Basic knowledge of technology
- Skilled in Excel and Powerpoint
